

To Watsonville City Council:

Let's Build a New Skatepark!

We the undersigned residents of Watsonville and South County are in support of constructing a permanent concrete skatepark on the current site at Ramsay Park. The upswing in skateboarding interest has outgrown the current facility. We feel it would attract more local youth to the sport, that it would encourage more skaters off private property, provide opportunity for youth not inclined or able to afford to participate in team sports, and attract events. The skateboard community is dedicated to raise funds and form a task force to see the project through from beginning to end. We request that the City budget a new skatepark and apply for all the available CA State grant monies.
